## **Pedestrian, Bicyclist Safety Project Begins along Golf Road between Roosevelt Boulevard and Ring Road East**

*Multi-use path, ADA Improvements Enhance Accessibility and Safety*

**CHICAGO** – The Illinois Department of Transportation (IDOT) announced that daily lane closures will take place on Golf Road (Illinois 58) between Roosevelt Boulevard and Ring Road East, in Schaumburg and Rolling Meadows, beginning, weather permitting, Monday, July 24. The closures are necessary for a pedestrian improvement project and the construction of a new multi-use path along Golf Road.

In order to complete the work, temporary, daily lane closures will take place on westbound Golf Road from Roosevelt Boulevard to Ring Road East during off-peak hours. Vehicular traffic will be maintained at all times while construction activities are taking place.

The scope of the project includes the construction of a multi-use path along Golf Road. It also includes new pedestrian traffic signals and sidewalk improvements that comply with the Americans with Disabilities Act (ADA).

The project will enhance accessibility and safety for pedestrians and bicyclists. It is expected to be completed in Fall 2017.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
